

CNS Indigenous Engagement Committee

Terms Of Reference

These Terms Of Reference will be reviewed and if applicable revised on an annual Basis
(starting December 2026)

CNS Internal

1. To raise awareness of Indigenous issues within the CNS through briefings and potential awareness courses and acting as the point of contact for the CNS when communicating with all Indigenous Communities.
2. To be a resource of Indigenous knowledge and expertise within the CNS
3. To advise CNS Event & Conference Chairs on whose traditional lands their proposed conference is being staged and assist in contacting the relevant Communities. This activity will include maintaining a list of previous or prospective host communities complete with their contact details.

Outreach/Long Term Goals

4. To strive to be a recognized and trusted source of information and independent advice to Indigenous Communities on Nuclear matters and act as a Community's Friend in interaction with the Nuclear Industry.
5. To reach out to communities that are impacted or potentially impacted by Nuclear Development (both as a host community or a community through which their lands nuclear material will pass)
6. Address questions about Radiation, and Nuclear Science & Technology in the communities.
